

# Get Authorized Training with the Technical Training Leader

NetCom Information Technology delivers authorized Cisco® training as a sponsored organization of Element K, Cisco® Learning Solutions Partner.

Cisco Systems, Inc. is the worldwide leader in networking for the Internet. Today, networks are an essential part of business, education, government and home communications, and Cisco® Internet Protocol-based (IP) networking solutions are the foundation of these networks.

The Cisco® name has become synonymous with the Internet, and the company's vision is to change the way people work, live, play and learn. All Cisco® trainings run at NetCom use the latest Cisco® authorized learning content and follow strict quality guarantee model managed by a Cisco® online evaluation system.

## Top Notch Cisco® equipment for your training needs

We are extremely proud of our selection of Cisco® equipment available for your high-end networking training. Interactive, real world learning experience is a priority for us at NetCom. Come and put your hands on equipment worth over half million dollars. Our labs enable students to experience and live-test the latest technologies for analysis, practice and simulation in a safe and consequence free environment. For the complete list of Cisco® equipment available, please, visit <http://www.netcominfo.com/education/cisco.phtml>

### Real world courses

We focus on a balanced delivery of lectures and labs that help you learn real-world uses of the product, increasing your performance, productivity and marketability. Currently, NetCom offers the following Cisco training courses and certifications:

### Expert-led Training

NetCom instructors are highly-skilled certified trainers with a combination of real-world experience and product expertise. Our instructors' skills are current and relevant to cope with the industry's constant changes and new technologies.

### Hands-on labs

Interactive, small-size classes provide the individual attention needed to excel, along with the exclusive access to personal workstations, ergonomic chairs and newest equipment at our state of the art facilities.

### Certified Curriculum

Quality curriculum is a top priority for NetCom. Vendor authorized courseware, included with your class, brings practical industry examples into the classroom to enhance your overall learning experience.

### Custom training

If your organization has specific training needs, we can customize a class just for you. We will work with you to address the skills gap and develop a unique training program to optimize your training investment.

### Real world courses

We focus on a balanced delivery of lectures and labs that help you learn real-world uses of the product, increasing your performance, productivity and marketability. Currently, NetCom offers the following Cisco training courses and certifications:

## Testimonial

*"What a week! I acquired amazing amount of information, I passed my CCNA with a 949 / 1000. The instructor was great and so was my overall experience at NetCom. I'll definitely be back for any further certification needs!"*
